Welcome

Let the coding begin! NASA Langley and ORNL welcome you to the 2017 NASA/ORNL GPU Hackathon 2017. As you know a hackathon is a coding marathon in which participants, divided in teams, challenge each other to give birth to new ideas in a very short time, with defined themes and technologies. The information below provides logistical information along with a separate tentative agenda.

Badging

Non-Foreign Nationals (US citizens and Lawful Permanent Residents (LPR)) – On August 21 between 8-10am proceed to the main gate where you will be greeted by both a guard and NASA person. They will validate your identification, check you off from a list of attendees, and provide you with a visitor's badge for the duration of the Hackathon. After 10am August 21, proceed to the Badge and Pass Office and provide your name and photo ID. You will be given a visitor's badge valid for the duration of the workshop. Directions are at the end of the document.

US citizens and LPR will need to present a Federal or State Government issued photo identification card (e.g., Driver's license, state ID card, Government ID card). The below link is a list of acceptable documentation. Please use the tab for **List B** Documents.

- Full list of Responsibilities for Hosting and Escorting Foreign Nationals is attached at the end.
- Must be escorted by US person while on site, daily and at all times

- Escorted on and off Center daily from the Badge and Pass Office (give badge to escort at the end of the day)
- Escorted throughout the day while on center
- Assigned escort will make contact prior to arrivals
- Restricted to the first floor of the conference location (Building 2102)
- No recording devices are allowed including cell phones, laptops, and other electronic devices (refer to IT Regulations below)
- Must have provided a signed Non-Disclosure Agreement (NDA)
- Will be paired with NASA (or US persons) to see code
- Cannot use government provided equipment

IT Regulations

Government or business (i.e., university, laboratory) laptops are permitted by US persons. **Personal laptops are restricted;** please obtain one from your university, laboratory, or business. If you are unable to, please let Carol or I know. Whereas, personal or government/business cellphones are permitted by US persons.

Foreign Nationals must have prior approval from NASA security office to bring business/government laptops and business/personal cellphones on site. The proper forms need to be completed in advance. Please request the forms needed from Carol Castle (carol.j.castle@nasa.gov).

Wireless connectivity will be provided. No passcode needed. Choose “nasaguest” network; which loads a web browser, for you to accept the terms and conditions.

Pleiades – NASA persons only have accounts on Pleiades. Only US mentors may pair on keyboard.

Food

A cafeteria card will be provided to non-NASA persons for the week, primarily for lunch, but can be used for breakfast and drinks with the understanding that the total of \$50 is the limit for the week.

Responsibilities for Hosting and Escorting Foreign National Visitors at NASA Langley Research Center

The following rules and procedures apply to NASA Langley Research Center (LaRC) host and escort responsibilities for foreign national visitors. All LaRC foreign national visitors must be escorted at all times. The Center Chief of Security may authorize unescorted access of foreign national visitors.

All individuals designated as a host to a foreign national will ensure that an escort is physically assigned to each foreign national and that the escort has read, signed/initialed the security briefing and understands the duties and responsibilities of an escort. The escort-to-visitor ratio for foreign nationals from designated countries is 1:1, one escort to one foreign national. For foreign nationals from non-designated countries the escort-to-visitor ratio is 1:3, one escort to three foreign nationals. If more than one escort is required, the host will ensure that each escort has read, signed/initialed the security briefing and understands their duties and responsibilities as defined below.

The host and escort(s) must read and initial each bullet statement.

- • When escort is required, any foreign national under escort and driving on LaRC must be accompanied and monitored at all times by their NASA host/escort.
- • When escort is required, host/escort will meet their foreign national at the Badge and Pass Office (B1308) and escort them directly to their approved area daily.
- • When escort is required, host/escort will accompany the foreign national to all approved LaRC facilities including the Child Care Center (Bldg. 1231B) and common use facilities [Cafeteria/Exchange Shop (Bldg. 2102), Reid Conference Center (Bldg. 2102), Pearl Young Theater (Bldg. 2102), Gymnasium/Fitness Center (Bldg. 1222B)].
- • When escort is required, the escort is responsible for ensuring that the foreign national exits the LaRC premises.
- • Host/escort will ensure that the foreign national obtains and displays their NASA ID Badge at all times while on the Center and will return the badge upon completion of visit/assignment.
- • Host/escort will clearly identify and brief the foreign national on the buildings, specific rooms, and areas of the approved designated workplace.
- • Host/escort will advise the foreign national that electronic recording devices (e.g. mobile phones, tablets, laptops, etc.) are prohibited on Center without prior Security approval obtained via Langley Form 587, "Waiver Request for Use of Recording Device(s) for Foreign Nationals."
- • Host/escort will advise the foreign national that access to Joint Base Langley-Eustis is prohibited.
- • Host/escort will advise the foreign national that unauthorized movement outside the approved designated workplace could result in termination of access to the Center.
- • Host/escort will ensure that the foreign national is monitored during their visit and that they do not wander into areas and rooms where they are not authorized.
- • Unauthorized family members of foreign national are not allowed to drive onto the Center. Only family members who are U.S. citizens or who have been approved through the IVC may have access to the Center.
- • Foreign nationals being picked up/dropped off by family members must be met and picked up outside the Badge and Pass Office.

I confirm that I have read and understand the requirements stated above. I understand that failure to comply with the provisions set forth above may be grounds for disciplinary action, prosecution, and termination of the visit/agreement.
